

Notes from Rachel Burger:

protectsouthportland.com Website about our work and ongoing campaigns.

Beyond Pesticides. A national organization that is supporting one city after another in banning the use of pesticides. They will even come and speak to your group or city council and support you in the process of writing an ordinance forbidding the use of pesticides plus helping to educate your community about organic alternatives

Growing A Revolution
Bringing our Soil Back to Life.
By David Montgomery

I also read and reread Judith Schwartz book *Cows Save The Planet.*
